AWS Certified DevOps Engineer with experience in DevOps (Build & Release Management), Supporting Infrastructure (AWS, Linux, Windows), with strong background on web applications.

Professional Summary

DevOps Engineer, Cantik Technologies Pvt Ltd.
December 2023- Present

- Collaborated under the mentorship of Mr. E. Prakash to enhance skills in Docker, Linux administration, Kubernetes, and Helm.
- Designed and implemented a CI/CD pipeline utilizing AWS CodePipeline, Docker, and Selenium for end-to-end automation from code commit to deployment.
- Successfully led the migration of servers from on-premises data centers to Amazon Web Services cloud infrastructure.
- Proficiently worked with version control systems including Git and utilized Source code management tools such as GitHub and GitLab.
- Managed multi-platform environments including UNIX, Ubuntu, RHEL, and Windows 8/10, supporting production, test, and development stages.
- Demonstrated ability to work independently with minimal supervision while maintaining high-quality results.

Project: Mahindra & Mahindra (DMS 2.0)

December 2023 - Present

- Collaborating with cross-functional teams to enhance the existing infrastructure for Mahindra & Mahindra's critical applications.
- Designing and implementing a robust AWS-based infrastructure, ensuring scalability and high availability.
- Implementing **Kubernetes-based** orchestration for containerized applications, leading to streamlined deployment and resource management.
- Implemented an efficient **CI/CD pipeline** using AWS **CodePipeline** for continuous integration and **ArgoCD** for continuous deployment. Automated testing and deployment processes, significantly reducing release cycles and enhancing overall development workflow.
- Optimizing cloud costs through efficient resource utilization and implementing auto-scaling strategies.

- Utilizing **AWS CloudWatch** for continuous monitoring and proactive issue identification, ensuring optimal performance.
- Working closely with developers to troubleshoot issues and optimize application performance within the AWS environment.

Technical Skills

- **DevOps Tools:** Docker, Kyverno, Kubernetes (EKS), AWS CodeBuild, AWS DevOps, Helm
- **Code Quality and Analysis**: SonarQube
- **Version Control:** Git
- **Source Control Management Tools:** GitHub, Code Commit, CodePipeline
- **Cloud Platforms:** Amazon Web Services
- **Monitoring Tools**: AWS Cloud watch
- **SDLC:** Agile, Waterfall
- **Tools:** Visual Code, MS Office, Excel, PPT, Office 365
- **Languages**: HTML5, CSS3, C/C++
- **Operating Systems:** Linux, RHEL, Ubuntu, Windows 8/10

Certifications

- AWS Certified Developer – Associate

Education

- Bachelor of Technology in Computer Sciences (B. Tech)
  University: AKTU, Lucknow, INDIA
  Result CGPA:7.2%
  Graduation Year:2022

- Board: U.P Board
  Result Percentage: 70%
  Year of Completion: 2017
  12th Grade

- Board: U.P Board
  Result Percentage: 75%
  Year of Completion: 2015
  10th Grade

Personal Details-

Name: Abdul Kadir
Father's Name: Late. Saleem Ahmad
Mother's Name: Mrs. Fatma Saleem
Date Of Birth: 06th June 1999
Language Known: English, Hindi, Urdu
Marital Status: Single

If the particular given above found suitable then I shall be glad to work in your esteemed organization.
